

## **NORTH BEACH BOYS BRIGADE**

On the 10<sup>th</sup> of September representatives from the North Beach Boys Brigade visited our Club. Stephen Hoar (Leader), Anthony Osman and Paul McArthy spoke to us about their American tour in January of 2014. Our Club had donated \$700 to the 7 brigade members who went on the trip. The Brigade members were hosted by local families in Neenah, Wisconsin. As the tour took place in January and February, the weather was extremely cold and for something different they helped to shovel some snow from their hosts' driveways – very different from our Perth climate. They visited various places and local schools. They showed a DVD about Australian wildlife gave a spelling test and vegemite taste test and taught netball. The brigade members learnt much about America and enjoyed their trip enormously.
